

Historic Old Bisbee Tour

Tour historic old Bisbee, a city frozen in Victorian time. Cruise the narrow, twisting back roads and high trails designed for horse and buggy where two-way traffic shares a single lane and avenues drop off at impossible angles—byways you wouldn't want to traverse on your own. Tarry at the most scenic spots in town with time to get great photos. See places and sights you could never find on your own. The jeep is comfortable and all the roads are paved if steep in places. This is the tour for photographers! 90-110 minutes.

Cost: \$40/person
Attendees: 10 max
Length: 1 1/2 hours
