

2011 ANNUAL BISBEE GEM & MINERAL SHOW

SATURDAY, MAY 28
SUNDAY, MAY 29

9:00 AM – 5:00 PM

Free admission

The vendors, the venue, the history and the minerals make for a remarkable opportunity for visitors to view and purchase extraordinary items from renowned collections. A show-stopper this year is *Naked Dog Designs*, a new vendor to the show that offers designer jewelry as well as jewelry for your home - hangings fashioned from objects found at various historic mining sites. As always, there will be many vendors with selections of precious gems and minerals.

While at the show, take a Queen Mine Tour and explore the depths where copper was mined. Also, stop by the Queen Mine Store where you will find a vast array of mining related items.

Visit www.queenminetour.com for tour information. For official tourist information, contact the Bisbee Visitor Center at (520) 432-3554 or visit www.discoverbisbee.com.

This Old West mining camp proved to be one of the richest mineral sites in the world producing nearly three million ounces of gold and more than eight billion pounds of copper, not to mention the silver, lead and zinc that came from the rich Mule Mountains.

Bisbee is located 90 miles southeast of Tucson, and known for its *Old World Charm and New World Charisma*.

Bisbee is Arizona's premier destination for arts and culture, western heritage, urban hiking and unique shopping.

For vendor information, contact Doug Graeme at the Queen Mine Tour,
520-432-2071.
