

**ARTventure:** Walk in an Artist's Shoes for a Day

**ARTventure** is a wonderful opportunity to walk in the footsteps of famous artists like Ted DeGrazia, and more recently, Michael Stack, who found inspiration in the rock walls, turn-of-the-century architecture and the steep, mysterious canyons of Bisbee, Arizona, a modern haven for the arts.

You will be introduced to the Bisbee Arts Scene by well known artist Judy Perry. Judy has been living and painting in Bisbee for over 32 years. Her unique style makes her one of the most popular artists in Southern Arizona. She will introduce the morning's itinerary over a cup of locally roasted coffee or a variety of teas and scones at a local coffee shop.

You will begin your tour with a visit to Judy's studio and get an up-close and personal view into an artist's environment. No two tours will be alike, as Judy introduces you to different artists and their distinct styles of art. Finally accompany Judy to see her cards, prints, and paintings which are currently being displayed in two local galleries here in Bisbee.

In the afternoon, you are on your own for lunch and to visit other nearby galleries and studios.
