

## The 2010 Southwest Wings Birding and Nature Festival

Wednesday, August 5 through Sunday, August 9

Registration begins in June.

This year's festival is located at the Windemere Hotel in Sierra Vista. Sierra Vista lies at the foot of the Huachuca Mountains, minutes away from some of the most famous birding spots in the United States including the San Pedro River, Garden, Sawmill Huachuca, Ramsey, Carr, Miller and Ash Canyons.

These places have been known historically for their great biodiversity of birds, butterflies, odonates and other insects, mammals, reptiles and close to 1,000 species of plants. Brochures will be mailed in May.
